# Log In and Registration

## Logging In

Upon entering, you will be presented with a "**Log in**" screen.

In order to **Log in** you must:

1. Enter your:
  - Username
  - Password
2. Click "**Log In**" to access your account.

If you don't already have an account, follow the "Registration" steps.

## Registration

Click the "**Register an account**" button.

1. Fill in the form with:
  - a. A **username**
  - b. A **secure password**
2. Click "**Register**" to create your account.

# Top up your Balance

To play the slots, you need balance!

1. After logging in, go to the "Play Slots" page in the menu
2. Click the **"Top up your balance"** button
3. Choose an amount to top up (e.g., 5, 10, 100).
4. Your balance will be updated immediately.

You can always reset your balance if desired by clicking the "Reset" button

# How to Spin

Let's play!

1. Go to the **Slot Machine** screen by clicking on "Play Slots"
2. You'll see a 3x3 grid (with 9 elements total)
3. Top up your balance or use your free spins\* – explained prior
4. Choose your bet by clicking on the bet value then click "Change bet" to confirm it
5. Click the "**Spin**" button to start.
6. One spin deducts a fixed amount from your balance (e.g., 10).
7. After spinning:
  - a. Symbols appear randomly.
  - b. If you hit a **winning combination**, you earn balance or receive additional free spins based on the payout table:
    - 3 free spins – 3 of the symbols in the grid are "free"
    - Bet multiplied by 8 – the middle row or the middle column are all the same symbol
    - Bet multiplied by 5 – diagonals are all the same symbol
    - Bet multiplied by 1.5 - one of the two slots in the middle row
    - Bet multiplied by 1.2 - one of the corners and the symbol in the middle are the same

\*Free spins are equivalent to a 0.10€ bet.

# How to view Statistics

## Your statistics

1. Click on "**Statistics**" in the menu page
2. Look at your statistics and think of a strategy to win more

## Slot statistics

1. In the slots/game page, on the right side click on "**View slot stats**"

# Leaderboards

See how other users are doing!

1. To access the leaderboards, click on "**Leaderboard**" in the menu page
2. See other user's statistics – from highest to lowest – by clicking on the title of the table (e.g. "Biggest win")
3. To find users by their statistics enter your filters\* (e.g. min – 5, max – 200) and click "**Filter**"
4. To find a user by their username simply write their username in the search bar and click "**Search**"

\*The filters can have only one field filled out (e.g. only max). To reset the filters simply delete your inputs in the boxes and click "**Filter**" again.
